

Mr. Ortwin Bitzer – specialist for general medicine and company medical officer of ERGOMED Landau – is responsible for the field of occupational medicine within the health and safety protection in our company.

His main tasks and responsibilities include:

- information and advice on occupational health and safety
- and on accident prevention
- consultation hours in the field of occupational medicine
- occupational-medical health examinations, preventive vaccination etc.

Alongside with you and the management of your company, Mr. Bitzer aims to avoid or reduce health complaints that might occur because of your daily work.

In his role, Mr. Bitzer of course underlies the medical confidentiality at any given time.

You can find further information on our website www.ergomed-landau.de (Centre of occupational medicine and occupational safety ERGOMED Landau).

For appointments or in the event of any other work-related questions please contact our Human Resources department. **You can also reach our direct hotline for occupational medicine under 06341-93550 or send an e-Mail to info@ergomed-landau.de.**
